RE: Town of Richmond Allens Hill Road Culvert Replacement
SEQR

Dear Caroline and Town Board Members:

We have reviewed the above referenced project with respect to the State Environmental Quality Review (SEQR).

We believe that this action is a Type II Action according to the criteria set forth in 6NYCRR Part 617.5 (c)(2). The project has been classified as Type II because it is considered a replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site. Type II Actions are actions which have been determined not to have a significant effect on the environment and do not require Environmental Impact Statements or any other determination of procedure under the provisions of SEQR.

Type II actions are exempt or excluded actions and are not subject to review. No further action is required for the project in regards to SEQR. Therefore, we conclude that these actions need no further review under the State Environmental Quality Review Act.

It would be advisable for the Board to recognize, in a formal resolution, that the project is considered a Type II Action under SEQR. We have attached a suggested resolution for your use.

Upon your review should you have any questions, please do not hesitate to call.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jonathan D. Hinman', is written over a printed name.

Jonathan D. Hinman

Sheila Chalifoux, Town Attorney

TOWN OF RICHMOND
Allens Hill Road Culvert Replacement

Suggested SEQR Resolution

RESOLVED, that in accordance with the New York State Environmental Quality Review (SEQR) procedures, the Town Board of the Town of Richmond has reviewed the significance of and potential environmental impact of the replacement of the existing 60" Corrugated Metal Culvert Pipe with 90 linear feet of Smooth Interior Corrugated Polyethylene Pipe.

RESOLVED, that the Town Board hereby concurs with Chatfield Engineers, P.C. that the Project is considered a Type II Action in accordance with 6NYCRR Part 617.5 (c)(2); a replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site

RESOLVED, that the Town Board hereby accepts the Environmental Assessment of this project, prepared by Chatfield Engineers, P.C.. The Town Board further declares that, based on the Environmental Assessment, it finds that the projects will result in no significant adverse impacts to the environment and requires no further action.
